Sinker Aurum Series – Where Depth  
Meets Luxury

The Sinker Aurum Series is a fusion of bold depth and refined opulence, redefining the essence of luxury surfaces. “Sinker” represents strength, depth, and grounding, while “Aurum,” the Latin word for gold, symbolizes grandeur and exclusivity. Together, they create a collection that blends sophistication with a distinctive, rich texture.

Crafted for those who appreciate both aesthetics and substance, the Sinker Aurum Series offers exquisite finishes, intricate detailing, and a palette that exudes richness and elegance. These tiles bring a sense of depth and dimension, making every space feel lavish yet rooted in timeless design.

Whether enhancing statement walls, luxury flooring, or premium interiors, the Sinker Aurum Series is designed to leave a lasting impression—where depth meets brilliance, and every space shines with unparalleled sophistication.
